

12TH INTERNATIONAL CONFERENCE ON HYDROGEN PRODUCTION

ICH₂P-2021- A DIGITAL CONFERENCE *Hydrogen for a green future*

SEPTEMBER 19-22, 2021

ICH2P-2021

12th International Conference on Hydrogen Production

A digital conference
September 19-22, 2021

TOPICS

- H₂ production from renewable sources
- H₂ & fuel cells
- H₂ from electrolysis, solar and wind technologies
- H₂ & green chemistry
- Catalytic and photocatalytic H₂ generation
- H₂ from biological processes and bio-reactors
- H₂ economy & sustainable development
- H₂ separation and purification & membrane-based technologies
- Greenhouse gases mitigation by H₂
- Modeling & simulation of H₂ production processes
- Gasification processes & industrial demonstration
- Blue, green and grey H₂
- Life cycle assessment & environmental impact
- Education and training for H₂ & code and standards
- H₂ in automotive, trains, boats, and air transportation
- H₂ storage & safety
- H₂ carriers
- H₂ technologies in space missions
- H₂ infrastructures

CHAIRS

Adolfo Iulianelli - CNR-ITM - Italy
Antonio Vita - CNR-ITAE - Italy

FOUNDING CHAIR

Ibrahim Dincer - UOIT - Canada

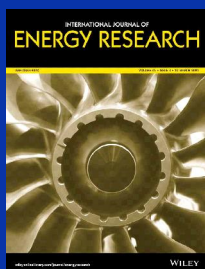

TECHNICAL CHAIR

Massimiliano Lo Faro - CNR-ITAE - Italy

HONORARY CHAIR

T. Nejat Veziroglu - Honorary President of IAHE - USA

SYMPOSIUM KEY DATES

Abstracts

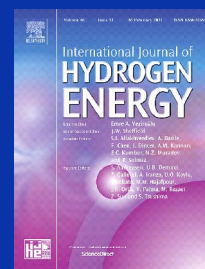

June 4th, 2021
July 15th, 2021

Deadline for abstract submission
Communication to authors

Registration

February 22nd, 2021
July 30th, 2021

Registration opens
Deadline for Early Bird registration
